LOCHANA B EGODAWELE

071-7655144 | lochanaeg@gmail.com | loachana.github.io

SUMMARY

Motivated undergraduate with a strong passion for coding and software development. Possesses a solid foundation in object-oriented programming, data structures, and algorithms, along with the ability to collaborate effectively in team environments. A quick learner with a strong willingness to continuously develop new technical skills. Aspiring to build a successful career as a full stack engineer.

EDUCATION

Bachelor of Science in Information Technology
Faculty of Natural Sciences - The Open University of Sri Lanka — **Jan 2025 - Present**

Bachelor of Science in Mechanical Engineering
Faculty of Engineering - University of Peradeniya — **Nov 2013 - Jul 2021**

TECHNICAL SKILLS

Programming Languages : Java, Python, Prolog
Web Technologies : HTML, CSS, JavaScript
Databases : MySQL
Tools : Git, IntelliJ, Visual Studio Code, Notepad++
Concepts : OOP, Data Structures, Algorithms

PROJECTS

Student Management System

Technologies : Java, CSV
The student management system is a solution to traditional manual data manipulation in school environment.
Contribution : switch-case handling, ArrayList(java.util), Presentation, Demonstration.

Tic Tac Toe game | Simple Calculator

Technologies : Python, tkinter
Tic tac toe game and Simple calculator developed to demonstrate skills gained in the python workshop series held by the computer science department, natural sciences, open university of sri lanka. Tic Tac Toe is a fully functional 2D graphical game designed using tkinter package. Simple calculator is capable of functioning basic arithmetic operations.

University Management System

Technologies : Prolog
University management system demonstrate how Prolog can be used to resolve real life complexity. It uses facts and rules to evaluate meaningful information about students, lecturers and courses.
Contribution : Writing codebase, Finalize project report

Food Delivery Route Finding System
Technologies : Prolog
The system finds the most cost and time effective route between two locations considering road availability (Blocked roads). Implementation includes DFS , BFS and A* searching algorithms.
Contribution : Leader of the group, Writing codebase, Finalize project reports, Demonstration.

CERTIFICATIONS

Java (introduction, Intermediate)
SoloLearn | 2026

Python (workshop series)
Computer Science Department OUSL | 2025

ACHIEVEMENTS & AWARDS

Dean's List | 2025
Natural Sciences, OUSL
- Awarded for achieving outstanding academic performance.

GCE Advanced Level | 2013
Physical Sciences - AAB
Rank (district) : 50
